Chilling with Pinot Noir Summer's Not Just for Whites

“Deep and intense on the nose with gently stemmy accents with smoky topnotes over wild blackberry and wild cherry fruit. Big and rich in the mouth with tons of sweet fruit. This is a bowl of mixed cherries in the mouth with nicely balanced acidity and a bed of finely-grained tannins for support. The mid-palate is fairly dark and certainly deep with a nice wood element on the finish...The alcohol is very well integrated with a touch of heat on the finish.”
